Not yet. Leave it blank and I should be able to update it when needed.

I'm basically done with it, do you have a figure number you want for this?

Mike,

I forgot we put this together with the sewer system. I only need properties C001-C008 on an aerial image. Take out C009 and the sewer system please.

Thanks,

Dan Gaughan

Hey Dan!

I was looking through old figures for CRU and came across this one, which seems to show what you were looking for. I assume you want this updated, do you just want the subject properties over background imagery, or do you want any of these other elements kept on the figure? Let me know when you get a chance and I can put it together for you.

Thanks!
